

# Operations Manager

€65 to €70k | Dublin

As our Operations Manager, our passion for providing homes to Dublin's senior citizens, where they feel safe, comfortable, and secure, whilst living as independently as possible, will resonate with you.

You'll have a strong track record in the housing sector, delivering a suite of services spanning property and asset management, customer care, compliance and performance management. Your sound financial expertise, professional gravitas and working knowledge of improving

operations to meet or exceed those expected of our Regulator, will be pivotal to this role.

Reporting to the Chair of our Board, you will manage the organisation, leading a small team in devising and implementing policies and processes, and developing robust professional relationships with the Housing Regulator, Charity Regulator, local authorities and a range of other partners. Your collegiate approach will enable you to work collaboratively and lead by example, whilst your

commitment to improving our residents' lives will drive you to enhance engagement with them.

For an informal discussion, please contact Dawn Matthews at Campbell Tickell on 07757 732260 or download the job pack from [www.campbelltickell.com/jobs](http://www.campbelltickell.com/jobs)
